

CHINESE COMPANIES & PRODUCTS DATABASE (CECDB)
USER GUIDE
中國企業與產品數據庫使用手冊

DESCRIPTION: This Chinese Companies & Products Database (CECDB), the most updated & comprehensive of this kind, was initiated by the Chinese government in 1988 with the participation of various governmental bodies. Now the database contains information of about 170,000 companies in China mostly of medium and large sized enterprises, selected by registered capitals, annual turnover, industry ranking, etc. The information consists of names of senior executives, title, phone no, fax no, postal address, website, registered capital, annual turnover, product names, company profiles, industry category, SIC code.

LANGUAGE: Chinese or English

SEARCH FUNCTIONS AVAILABLE: Search functions are available by company name, address, business/industry, product name, SIC Codes, number of employees, assets, annual turnover, export/import rights, type of organization, type of ownership, etc. Second search is available on searched results accordingly.
